A.

Q.2 Do you have any comments you wish to add?

A. I am asking the Australian government to recognize the Indigenous peoples rights to be involved in any decision making regarding their cultural lands and to protect and preserve the environment against the corporations that are attempting to negate those rights. In light of the reports from numerous agencies such as the IEA , NOAA, the UN etc. regarding our climate crisis, these coporations are damaging to the environment, not just for Indigenous Australians, but for all mankind.
