**Q.2 Do you have any comments you wish to add?**

A. Yeah I want recognition to all the European and Asians that migrated to Australia to make Australia what it is. If it wasn't for them we wouldn't have them. I don't want to hear about aboriginal people recognition all the time on radio and television. We all know about them and their role. But when I say I am a born here Australian I don't want any referral to aborigines I am proud of my heritage and everything we have done for this country and sacrifices made. I want recognition for them. I want Australia to be recognised as a multicultural nation not just Aboriginal and the things that happened to them in the past with nothing that migrants had anything to do. Recognition to the people that made Australia what it is today.
