Client would like to express his feedback and have his say with the culture Heritage review.

1. Culture and Heritage bodies should have more powers and say
 - 2 Last claim standing, should be thrown out and all culture and heritage ceased from components until further notice and investigation.
 3. All bodies in Qld should be able to meet up and a committee formulated from voting from the Culture and Heritage body Qld wide.
- cont, from that a National Committee should be set up from them to voice about culture and Heritage.
